THE WORLD OF BENITTON

In this catalogue, you'll find new inspiration and discover innovative products.
Each faucet and accessory comes with its own unique story, adding to our reputation.

We take pride in our Indian heritage and strive to create warm, educational,
and inspiring manufacturing experiences.

THE MODERN ART OF

LUXXURY

Crafting luxury bathroom experiences since 2010.

Welcome to Benitton, your premier destination for luxurious and innovative bathroom and kitchen solutions. Founded in New Delhi, Benitton has quickly become a leading name in premium faucets and sanitaryware, known for our exceptional craftsmanship and quality.

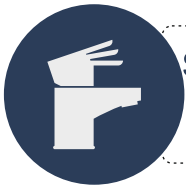

Since our inception, we have been dedicated to providing customized solutions that blend elegance and functionality. Our extensive product range, from sleek bathroom faucets to stylish kitchen sinks, showcases our commitment to excellence and innovation.

In 2022, we expanded our manufacturing operations to Morbi, Gujarat, enhancing our product offerings and reaching a broader audience. With a strong distributor network in Karnataka and Rajasthan and plans for further expansion into Goa, Telangana, and Andhra Pradesh, we continue to solidify our market leadership.

At Benitton, customer satisfaction is at the core of our success. We strive to deliver exceptional service and support, ensuring every experience with us exceeds expectations. Explore our collection and discover the Benitton difference.

Maintenance Guidelines

Regularly clean the faucet with mild soap and warm water, and dry it with a soft cloth to prevent water spots and mineral buildup. For limescale, use a vinegar solution. Periodically, clean the aerator by soaking it in vinegar to dissolve deposits, and replace it if necessary.

Inspect the faucet for leaks and replace worn-out O-rings or gaskets if needed. Ensure handles are tight and lubricate them occasionally with plumber's grease. If the faucet drips or has irregular flow, clean or replace the valve or cartridge.

Avoid exposing the faucet to harsh chemicals and extreme temperatures. Consider annual professional inspections and consult a plumber for complex issues. Operate handles gently and use the faucet as intended, avoiding hanging heavy objects on it.
